

Harvester DN19 Menu

Tuesday, 10th September 2019 13:49 PM

FOOD INFORMATION FOR ALLERGIES, INTOLERANCES AND DIETARY REQUIREMENTS

We are happy to provide you with the information you need to make your own menu choice. We cannot recommend or tell you what is suitable for you to eat or drink. Please note that our menu descriptions do not include all ingredients or allergens. This information is subject to change and updated by our suppliers in real time. Therefore, even if you have chosen the item previously, please **make sure that you check it each time you visit and always inform your server / ordering point of your allergy, intolerance or dietary requirements**. If you have any questions, allergies or intolerances, please let us know **before** ordering.

Our allergen information covers the following major allergens: **Celery, Cereals containing Gluten (Wheat including varieties such as Spelt and Khorasan (Kamut); Rye, Barley, Oats), Crustaceans, Egg, Fish, Lupin, Milk, Molluscs, Mustard, Peanuts, Sesame, Soya, Sulphites (over 10ppm) and Nuts (specifically Almonds, Brazils, Cashews, Hazelnuts, Macadamias, Pecans, Pistachios, Walnuts) and products thereof.**

Standard garnishes and accompaniments, as stated on the menu, are included. Items that are added as a self-selection, choice or trade-up must be reviewed and added to the base information.

If the food or drink is served in its packaging, we advise you to refer to the manufacturer's label.

CROSS CONTAMINATION

Our food and drinks are prepared in food areas where cross contamination may occur. **We only declare allergens if they are intentionally added to a product. Please note that the use of the electronic allergen filter options will only remove items from your menu selection view that actually contain the allergen(s) as ingredients; the filters do not remove products that 'may contain' allergens.**

Food and drink preparation areas, storage areas and cooking equipment (e.g. fryers, grills etc) may be shared and fried items containing different allergens may be cooked in the same oil. Our suppliers may also have allergen cross contamination risks. If you are concerned about possible allergen cross contamination of the food or drink you wish to consume, please ask us for further information on our cooking methods and policies, and we may also be able to show you ingredient packaging indicating any 'may contain' or trace warnings that the supplier has provided.

GLUTEN FREE

Some of our brands offer a specific gluten free menu and these are accredited by Coeliac UK. Processes and training are in place to ensure that meals on our gluten free menus are gluten free. 'Gluten Free' describes foods that contain gluten at a level of no more than 20 parts per million (ppm).

VEGETARIAN AND VEGAN

Items marked as **(V)** are made with vegetarian ingredients and items marked as **(VE)** are made with vegan ingredients, however some of our preparation and cooking methods could affect this. If you require more information, please ask your server.

Please note, some dishes may not be available in all sites.
